

# REBELS EVACUATE; FEDERALS MARCH IN

**Colonel Garcia, Commander of Insurrectos, Surrenders to Americans.**

## BATTLE AT JUAREZ EXPECTED

This afternoon or tomorrow, rebels in force being located south of the city—Congress wants a message from President on Mexican situation.

United Press Telegram. WASHINGTON, April 18.—Confirmation of the report of the evacuation of Agua Prieta by the Mexican insurgents was received at the War Department this afternoon in the following telegram, the first from E. F. Lindell of the Red Cross, was as follows:

"The 'insurrectos' evacuated Agua Prieta during the night. The Federal forces are now in charge. The State Red Cross are not needed. Nurses ordered here are not required. Have to patients in the hospital."

The second telegram from Colonel Shunk in command at Douglas, read as follows:

"Insurrectos evacuated Agua Prieta during the night. The Federal forces are now in charge. The State Red Cross are not needed. Nurses ordered here are not required. Have to patients in the hospital."

Battle in Juarez Expected.

El Paso, April 18.—Disheartened over their losses during yesterday's fighting and the desertion of their leader, Alvarado Garcia, the Mexican insurgents evacuated Agua Prieta early today according to advice received here.

When the regular forces advanced to attack the town they found it deserted and at once occupied the vacant trenches, says a dispatch from Douglas.

Colonel Tamborel of the Federal forces today issued an official statement saying that the battle scouts had located a large force of insurgents under General Garibaldi, 12 miles south of Juarez. The scouts reported the forces numbering about 1,000.

Tamborel declared he expects a general engagement today and new fortifications are being thrown up by the Federal south of Juarez in preparation for the attack.

Although the attack is not for the long expected insurgent attack on Juarez and desultory fighting in the hills west of the city has been proceeding for several hours this morning, the opening of the general engagement is hardly expected before this afternoon or tonight.

Colonel T. D. Edwards at Juarez early today telegraphed to the State Department at Washington that a battle was expected at any time.

Francisco L. Madero's forces were at Sapello this morning. The food supply at Sapello is thought to be short, however, and this will force the rebels to retreat toward Casa Grande.

The attack is expected to the west of Juarez as this is the more direct route to Sapello than from the south. Madero is thought to have 2,000 men at Sapello. Garibaldi will lead the attack. The insurgents will remain at Sapello with reinforcements in case they are needed.

Three home made cannon, which were made by Madero in the mills of the Pinar company, and three machine guns will be used by Garibaldi in his attack. They will be followed by a cavalry attack supported by infantry in the mountains and hills opposite the summer colony of El Paso.

Major Oscar Creighton's death was verified from half a dozen sources. He was buried on the battlefield at Nauche with military honors by the rebels under Garibaldi.

Want Special Message.

WASHINGTON, April 18.—Responsibility for the next step in the Mexican situation was thrust today by Senator Cullom, chairman of the Senate committee on Foreign Affairs, and Representative Sulzer, chairman of the House committee.

Both Cullom and Sulzer asserted that they would await a special message from the President.

"The President has no action unless the President sends a special message to Congress," said Senator Cullom, following an interview with President Taft today. Cullom stated the President took a more optimistic view of the situation today and he hoped for an early restoration of normal conditions at Douglas.

"For my part," said Cullom, "I believe this racket at Douglas will be smoothed over without any difficulty."

Sulzer viewed the situation more seriously and also said that Congress would await the message from the

# President Diaz Favors New Election; Mexican Congress Will Act Promptly.

United Press Telegram. MEXICO CITY, April 18.—A bill calling for a general election, which is demanded by the insurgents, will be introduced in the Mexican Congress this afternoon. At the same time President Diaz will submit to Congress all pending peace negotiations. The Diaz peace program be-

## Council Will Examine Hose

Members of Town Council will meet this evening to examine the various samples of hose that were left by the salesmen last week and consider which will be the most satisfactory for use here. It was stated at the regular meeting last week that no action would be taken tonight other than to examine the samples.

The question was raised at that meeting whether the hose would be purchased tonight and President Millard said that no action of that kind would be taken.

When the purchase is made it is not expected more than 2,000 feet will be purchased and possibly only 1,200. The fire insurance underwriters only insist that 1,200 be purchased at this time, but recommend the purchase of 1,000 feet yearly until there is sufficient hose on hand.

## Names Confused; Caused Inquiry

A number of inquiries were made at the Courthouse today, asking whether the name of Oscar Coll or Goll, which appeared among the list of injured in the fighting at Agua Prieta, was in fact the name of the man who was killed in the fighting at Douglas.

The man who was killed in the fighting at Douglas was Oscar Coll. The man who was killed in the fighting at Agua Prieta was Oscar Goll.

The man who was killed in the fighting at Douglas was Oscar Coll. The man who was killed in the fighting at Agua Prieta was Oscar Goll.

## Greensburg Negro Murders His Wife

The local police are watching for Edward L. Hillman, aged 30, and colored, who is wanted by the Greensburg police for the murder of his wife at an early hour this morning. Hillman escaped after having so brutally attacked the woman that her death was almost instantaneous.

The murder occurred in the home of Mrs. Sarah Curry, where the couple with their baby, roomed. Mrs. Curry heard the quarrel which was followed by silence. After the baby began crying Hillman called to Mrs. Curry that he was afraid he had killed his wife. Mrs. Curry found the woman dead. She notified the police but in the meantime Hillman escaped.

The Greensburg police thought the negro might have come in this direction and both the Connellville and Scottsdale police are watching for him.

## Mine Boss is Stabbed at Herminie

John McElhinney, mine boss at Herminie No. 2, was stabbed in the abdomen, the side and the shoulder last evening, by a discharged miner and is in a serious condition. The extent of his injuries has not been fully determined and the final result cannot be forecast.

About two weeks ago McElhinney discharged a hired miner. He said that there was some dispute when pay day came but this is denied. The discharged man left but returned yesterday.

Last night as McElhinney was leaving the hotel at Herminie No. 2 he was set upon by two men and stabbed. Whether both men inflicted wounds is a matter of uncertainty, as McElhinney can be sure of only one.

## Army Engineer Aeroplane Victim

United Press Telegram. PARIS, April 18.—In a 300 foot fall of a Farman biplane Captain Edward Tarron, an army engineer, was instantly killed. The accident occurred near Die.

Tarron was flying at a height of 500 feet and attempted to land. When within 300 feet of the earth his machine capsized and Tarron was instantly killed.

## Stoner's Finger Fixed

L. S. Stoner of the West Side was operated on this morning at the Cottage State hospital for an injured finger. A piece of dead bone was removed and the finger straightened.

# MILITARY BALL PLEASANT EVENT.

One Hundred and Fifty Guests Were Present at the Armory.

## MANY FROM OUT OF TOWN

The Appointments Were Perfect and the Decorations Transformed the Armory into Spacious Room of Beauty—Winners of Card Games.

Following a six weeks' lull in social circles the post-tenants season was ushered in last evening at the military ball given by Company D, Tenth Pennsylvania Infantry, National Guard of Pennsylvania. Socially Easter Monday could not have been observed with a more pleasant social function. About 150 guests representing Connellville's society and surrounding towns were present.

The affair last evening was a complete success and was equally as enjoyable as its predecessors. Handsome military appointments prevailed and never did this big Armory present a gay or prettier scene.

The national colors red, white and blue, were arranged in a manner producing a very happy effect. From the corner of the chandelier to the four corners of the hall were strung small flags of all nations, while large American flags were conspicuously displayed on the walls, over the windows and balcony.

From the ceiling depended large flags also, while tall ferns and palms were artistically arranged in the card room. One large flag also hung from the ceiling of the card room.

A feature noteworthy of special mention was the elaborate gowning of the women. The latest pastel shades, the attractive decorations and the many men in military uniform presented a very rare beauty. The hobnobbing was largely in evidence and in colors, pink ranked first; and yellow second. A number of very handsome marquette gowns were also worn.

From 8 until 9 o'clock a reception was held. The reception line, which was stationed to the left of the main entrance was composed of Col. and Mrs. James M. Reid, Major and Mrs. L. P. McCormick, Major James E. McNary, Captain and Mrs. A. R. Kidd, First Lieutenant and Mrs. R. S. McKee, First Lieutenant and Mrs. J. C. Herwick, Mr. and Mrs. J. L. Evans, Mr. and Mrs. E. C. Moore, Mr. and Mrs. W. D. McGraw, Mr. and Mrs. C. W. Utts, Dr. and Mrs. H. C. Hoffman and Second Lieutenant Donald Reid.

At nine o'clock the grand march, led by Col. J. S. McNary and Mrs. J. M. Reid took place, after which dancing was general throughout the evening. The floor was in excellent shape for dancing and it was 3 o'clock this morning when many of the dancers left for their homes.

Music was furnished by Kiefer's full piano orchestra. During an intermission at the close of the eighth dance, in behalf of Company D, First Lieutenant J. C. Herwick presented Captain A. R. Kidd with a handsome sword. Captain Kidd in turn responded with a very neat talk. Refreshments were served throughout the evening.

While the ball room was thronged with dancers the devotees of five hundred were assembled in the card room where several very pleasant hours were spent at the game. The prizes were won by Mrs. C. W. Utts, Mrs. J. W. McGraw, Mrs. Clyde Whitaker, Mrs. J. L. Gann, Mrs. J. C. Herwick, Mrs. J. L. Evans, Mrs. E. C. Moore, Mrs. W. D. McGraw, Mrs. C. W. Utts, Dr. and Mrs. H. C. Hoffman and Second Lieutenant Donald Reid.

# Agreement Not to Fight Close to Border Suggested at Mexico City.

United Press Telegram. WASHINGTON, April 18.—Informal notice that the United States will shortly receive a note from Mexico with assurances of a restrictive policy on the border was received at the White House today. It is believed that the note would be formally presented to the State Department this afternoon. It was so

## Bush to Leave Western Maryland

BALTIMORE, April 18.—President Bush, of the Western Maryland Railway Company, will be chosen to succeed George W. Bush as head of the Missouri Pacific railroad at a meeting which will be held in New York today. At the same time it is also expected that an announcement will be made to the effect that Mr. Alexander Robertson, at present vice president and general manager of the Western Maryland, will succeed Mr. Bush.

No information affecting either man could be obtained at the office of the Western Maryland today, as both Mr. Bush and Mr. Robertson absolutely decline to comment on the situation, but Baltimoreans close to both declare that Mr. Bush will be selected today by the directors of the Missouri Pacific, and that Mr. Robertson will become president of the Western Maryland.

## Ashe is Friend of School Kids

Borough Superintendent S. P. Ashe should be popular with the school children. He recognized the lure of the steam chafers, the animals and the gaily bedecked circus riders. As a consequence he stated today that the schools will be dismissed in time for all pupils to see the circus parade tomorrow. This is not the usual custom, but Superintendent Ashe believes the youngsters will be too restless for concentration upon studies if they hear the strains of music from the bands and are not permitted to view the pageant.

School sessions will be resumed in the afternoon as usual. Superintendent Ashe has arranged that he be notified when the parade leaves the grounds. He will then notify all the ward principals to dismiss school for the balance of the morning session.

## School Children to Have Gardens

Superintendent of Schools S. P. Ashe and the various ward principals have signified their willingness to co-operate with the Woman's Culture Club in encouraging the cultivation of flowers and garden produce among school children. The Culture Club will supply seeds to the pupils of grades 6 and 7 in all the buildings and prizes will be awarded for the best results obtained.

A quantity of the seed has already been received and more is expected. The distribution will be made as soon as the entire lot arrives. The seed was secured through the activity of Congressman Thomas S. Crago and State Senator W. L. Crow.

## Revival Closes With Immersion

The revival campaign conducted at McClure by Rev. A. T. Seese of the United Evangelical church of Scottsdale, came to a successful close Sunday with the immersion of 75 converts in the tributary to Jacobs Creek which had been dammed for the occasion.

During the progress of the revival more than 100 converts were secured in the little mining village. The campaign proved one of the most successful that has ever been held in this section.

## Gilchrist's Leave This Afternoon

Mr. and Mrs. W. D. Gilchrist and two children will leave this afternoon for an extended trip which will keep them away from the coke region for the better part of the summer. Their last objective point is Mt. Clemens. After a few weeks there they will proceed to Iowa for a visit with relatives.

From Iowa Mr. and Mrs. Gilchrist and sons will go to the Pacific coast.

## Negro Joy Riders Meet Quick End

JOINTOWN, Pa., April 18.—Three negro joy riders were instantly killed and five others seriously hurt this morning when a 60 horsepower automobile, while running 50 miles an hour, overturned at a sharp curve.

The wrecked car was the property of Harry Swank, a local hardware merchant. At the time of the accident William Stewart, one of the injured and chauffeur of the car, was taking some friends home from a dance.

Pendleton Sells Selden. P. H. Pendleton, formerly located here in the insurance business, was in Connellville for a short time yesterday afternoon. Mr. Pendleton is now located in Uniontown as manager of the National Automobile Company and is selling the Selden car.

Tower for the Battery. NEW YORK, April 18.—(Special.) Bids were opened today for the construction of a 235-foot tower, which it is proposed to erect at the very foot of Manhattan, rising from the Battery and overlooking the harbor as a home of the local weather bureau.

In Session at Peoria. PEORIA, April 18.—(Special.)—The Illinois grand lodge of the Royal Arcanum met in this city today with delegates present from local branches of the order throughout the State. The sessions will continue until Friday.

John M. Young Ill. John M. Young is seriously ill with pleura pneumonia at his home on East Green street.

# DECISIONS TOUCH THE PUBLIC HEALTH

Agent of Livestock Sanitary Board Has No Arbitrary Power.

## SUPERIOR COURT DECISIONS

Filed at Session of the Court Held in Pittsburgh Yesterday—Several Cases From the Fayette County Courts Are Decided.

In reversing the judgment of the Court of Quarter Sessions of Chester county, the Superior Court yesterday at Pittsburgh decided two important questions related to the State Livestock Sanitary Board of Pennsylvania. The lower court had refused to quash an indictment against George D. Deary, who was the owner of six cows which had been condemned by an agent of the board, as having tuberculosis, and who was charged with selling and disposing of five of them. Judge Porter wrote the decision.

It is held that a mere agent of the board has no power or authority, at the time stated, to declare and enforce a quarantine of cattle, but that the exercise of the power was conferred only by formal action of the board. It was also held that sale of the cattle, as long as they remained physically confined, did not involve a violation of any regulations the board was authorized to make.

In an opinion written by Judge Orally, the court upheld an order of Commissioner of Health Samuel G. Dixon, issued July 23, 1909, to the owners of the Glen Rock Stamping Company, at Glen Rock, Pa., ordering them to discontinue the discharge of sewage into Codorus creek, finding the discharge of sewage from this property was likely to prove injurious to the public health at Glen Rock and York, Pa.

The right of a stockholder in an insolvent corporation to court action to determine his individual liability, where an assessment against the general body of stockholders has been upheld, is asserted in an opinion, handed down by Judge Head, reversing the judgment of Common Pleas Court No. 1, Philadelphia county, in a suit brought by Thomas E. French, receiver of the Agnew Company of New Jersey against J. Horace Harding.

"In ordinary speech an egg of doubtful reputation is a bad egg, and a rotten egg is of no market value whatever," is a finding of Judge Orally in a decision reversing the Common Pleas Court of Luzerne county in the case of the Northern Produce Exchange versus the Crocker Grocery Company, involving a claim of \$183.38.

Non prosequi judgments were ordered in appeals of Patterson in the matter of the estate of Samuel Crossland, deceased, and Patterson & Howard, in the matter of the estate of Margaret Woodward, a minor, all of Orphans' Court, Fayette county. The appeal of Barnette, appellant, versus Foreman of Redstone, Fayette, was ordered quashed.

The following attorneys were admitted to practice before the Superior court: Peter Chancelliere, Richard Townsend, Alvar C. Purdy and Samuel Wilson McGinness, all of Allegheny county; Harry D. Hamilton and Harry F. Moore of Washington county; and Walter Russell Carr of Fayette county.

## Sewer Committee Holds Meeting

The Sewer Committee of Town Council held a meeting last evening at which time the condition of Peach street was discussed. It was decided to visit the place this evening and determine what can be done. Residents of that section complain that sewage water from the Pinnacle district washes down the Peach street hill, much to the inconvenience of residents in the lower section. A quantity of earth has been washed out.

The committee also met to consider the matter of paying C. M. Miller for work done on the West Side sewer. The Finance Committee will be asked to approve the account.

## Time Limit on Dairymen is Up

April 15 was the date set by the Board of Health for all dairymen to begin the delivery of milk in bottles but as this was only a suggestion the ruling cannot be enforced except by the passage of a borough ordinance.

Several milk purveyors have adopted the use of bottles and practically all promised to do so. Quite a number have as yet failed to inaugurate the system.

## SAN JOSE SCALE ABOUT SCOTSDALE.

Many Fruit Trees Are the  
Victims of Various  
Enemies.

### THE FARMERS ARE PERPLEXED

Unless Vigorous Spraying is Resorted  
to Fruit Crops Will Go Back-  
ward—Sad Death of Mrs. Josephine  
Palmer Ridgely—Other Notes.

Special to The Courier.

SCOTSDALE, April 18.—According to statements made by those who have fruit growing interests about here and who want to see this locality raising the same choice and plentiful fruit that was grown in this section years ago, there is great danger impending over the trees just now. And it is not color which either that is making probable light crops of fruit. It is the San Jose scale, since it is said that this destructive pest has a firm hold on many of the orchards about here. This is particularly true among trees where there are but a few of them, as there are on small places. This condition it allows to continue will soon ruin all the fruit trees for miles around. The more progressive farmers and orchardists are spraying their trees, but they are at the mercy of infection from other trees that are allowed to become the victims of scale and other destructive pests. The advantage of spraying has been shown here, but doubtless many people do not know that their trees are being ruined by various enemies while others perhaps know but are not posted as to how to combat the pests, while some possibly do not care what strikes the trees. It is a time for vigilance, the liberal use of good sprays, and this section can bring forth fruit equal to that grown years ago. Many people who purposed to plant trees this spring are allowing the time to go by fearing that their planting will be simply a waste of money as they claim the trees will be likely to fall prey to the destructive pests that menace them. "This locality," the experts say, is a splendid fruit growing area. In evidence of this is the memory of men who recall when first quality apples, peaches, pears, quinces and other fruits were grown in big quantities all through this locality. The coke smoke has been blamed with far more destruction of fruit than it should have ever been convicted of, for places where no coke smoke is known about have trees that are all poorly nurtured and ill kept and are much diseased as any in the coke belt.

Mrs. Josephine P. Ridgely.

The body of Josephine Palmer Ridgely, wife of Ross Ridgely, was brought to Scottdale yesterday afternoon and buried in the Scottdale cemetery this afternoon following services at 2:30. The deceased died at her home at Dunora on Saturday afternoon at 1 o'clock, leaving behind her husband and three children, a daughter three years old and a son and daughter each a week old. The deceased was one of Scottdale's well and favorably known young women, and aged but 26 years. She was talented in music, and although never having the opportunity to take a musical education she often expressed a desire to have, was a clever and natural piano player of much more than ordinary merit. She had a large circle of friends who mourn her sudden and early death.

The deceased was a daughter of the late Mr. and Mrs. Adam Palmer, early residents of Scottdale, the mother having died last December. Besides husband and family she leaves four brothers and four sisters. The brothers are Charles, John, William and Edward Palmer, all of Scottdale, and the sisters are Mrs. James Neish, of Scottdale; Mrs. Sawyer, wife of Rev. Ernest G. Sawyer, pastor of the United Brethren Church of Youngwood, and Misses Jean and Lucille, who live with their sister.

Were Splendid Pictures. Beverly D. Bobbs with his Alaska travelogue and motion pictures of the great "land up there" gave one of the best, most interesting and instructive entertainments ever afforded Scottdale people, last evening. His pictures were worthy proof of the educational value of the moving picture.

Class Eldest Officers.

The graduating class of the Peterson Business College held a meeting in the college hall in the Savings & Trust company building and organized last night. They elected the following officers who will guide the class of over 25 through the intricacies of commencement time. The officers are: Charles Graft, president; Mr. Conrad, vice president; Miss Garnet Lowry, secretary; and Miss Emma Kate Anderson, treasurer. The date of commencement has not been set, and it is likely that it will be in the college hall.

Postal Card Shower.

I. A. Eckman of Brownstown, was given a postal card shower by his friends on Saturday. They arranged with the postoffice and among themselves so that the entire offering was made at one delivery of the mail. Three hundred cards were the number reported by Mr. Eckman after he read and counted the remembrances.

That Platform Again.

The absence of a station platform

at the Pennsylvania depot is still causing annoyance and delay in trains. The express business for the last several days has averaged two wagon loads for each train and the time spent by the express men in dragging the heavy trucks over the rails and getting them away from the cars is a great source of making the trains here late time. The Pennsylvania railroad ought to put new station platform in here, as it is badly needed and the freight and express and passenger business from Scottdale deserves something better, as well as do the employees about the station.

Marshall Brooks in Hospital. M. D. L. Brooks, who has been organizing the Order of Owls in Scottdale, is laid up in the Cottage State hospital at Conneltsville where he underwent an operation for appendicitis on Monday. He had been ailing for some time and on Sunday an operation was decided upon. He rallied in good shape after the operation and today is getting along nicely.

## Proposed New Bills Reported

Special to The Courier.

HARRISBURG, Pa., April 18.—The House Law and Order Committee put out a number of minor bills last night. The repealer of the local option laws for Rankin and for the townships of Pine, Harrison, North Versailles, North Fayette and South Fayette township in Allegheny county, are to go on the House calendar.

Representative John T. Matt of Bedford put in his prohibition bill. It provides for elections in boroughs, townships and wards of cities. If the vote is against the granting of licenses the sale of liquor is barred for all time. If the vote is for it they can try it again in two years.

Representative G. J. Schach presented a bill to enable contiguous boroughs to consolidate. The legislation is to bring about the consolidation of Arnold, New Kensington and Parnassus, in Westmoreland county. James P. Mulvihill is advocating the bill. He says it is wanted so that the three towns can join in the building of a sewage disposal plant.

Senator J. H. Maurer wants the state to go into the coal business. He would have the commonwealth take over all coal lands and mines and operate them. An appropriation of \$10,000,000 "towards the purpose" is authorized by his bill. He provides that the project is to be placed in the hands of a commission of nine to be elected in 1912. Five of the commission must be coal miners.

On motion of Mr. Derahem, of Union, the House at 10:15 P. M. by a unanimous rising vote, adjourned out of respect to Mr. Meyer's memory until 10 A. M. Wednesday. The entire House left for Bellefonte on a special train at 8:15 this morning to attend the funeral.

Bills read in place were as follows:

Wagon, Butler—Prohibiting minors from entering places where liquor is sold.

Piper, Philadelphia—To aid in the prevention and settlement of strikes and lockouts in mines and industries connected with public utilities in Pennsylvania by providing boards of conciliation and arbitration.

Perkinson, Cumberland—Placing borough police directly under the authority of the borough council.

Muller, Montgomery—Providing \$1,200 salary for members of the forestry committee.

Washington—Relating to the discharge of lands from record charges upon legal presumption to the payment thereof.

Lackawanna—Fixing the minimum amount of campaign expenses of candidates for election so that the expense shall not exceed 10 per cent of the annual salary.

Matter, Berks—Appropriating \$10,000,000 for the purchase of all privately owned coal lands and mines by the State.

Schofield, Warren—Regulating fees of court clerks and justices in judicial districts containing over 100,000 and less than 200,000 inhabitants at \$500 and \$750 respectively.

Delella, Montgomery—Appropriating \$200,000 to the National Guard of Pennsylvania for two fiscal years beginning June 1, 1911.

Muller, Montgomery—To punish any person for sending or uttering threatening communications with a view to extort money, fixing the maximum penalties at three years and \$1,000 fine.

Moulthrop, Clearfield—Authorizing district attorneys to investigate reported crimes at the expense of the county.

J. H. K. Scott, Philadelphia—Providing for six months imprisonment for persons ordered by a court to pay maintenance and support and who refuse.

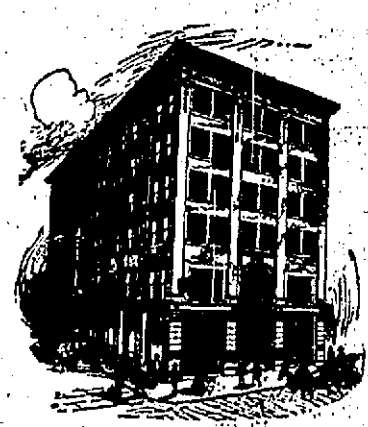

Matt, Bedford—Providing for local prohibition in boroughs, townships or wards of cities.

Lawe, Westmoreland—Regulating the sale of dangerous and deadly weapons by requiring a permit of the purchaser from the police authorities.

It is a splendid looking range with all nickel trimmings, fancy high closet, the fire box and grates are extra heavy, built to last. The size of oven is 18 inches.

### One Motion Go-Cart

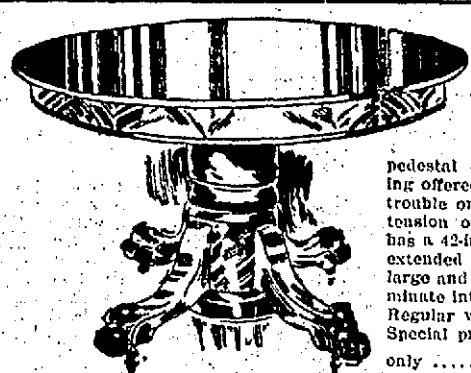

This "One-Motion" Go-Cart which as its name implies, opens and folds with one simple motion, is made with strong (yet not weighty) steel frame, rubber tire wheels with tubular leather seat, slides and hood. Contrary to general belief this price is for Go-Cart complete. There is no additional charge for hood. Special, \$4.25 for only

Regular value of this swing is \$4.50, but during this and next week we offer it special to you at \$2.95. It is made of well seasoned oak in weathered finish; full box seat construction. The seat is 14 inches deep and 42 inches long; back is 22 inches high. The chains are galvanized and rust proof. Complete with chains and ceiling hooks. Special \$2.95

### Aaron's Pedestal Extension Table

This table must not be confused with the common ordinary imitation oak pedestal extension table now being offered and give you no end of trouble on account of the poor construction of the slides. This table has a 42-inch round top and can be extended six feet. The pedestal is large and massive and the legs terminate into neatly carved claw feet. Regular value of this table is \$18. Special price only \$10.75

### THE HOOSIER SPECIAL

Come to our store and look the famous Hoosier Kitchen Cabinets over at your leisure. The Hoosier Manufacturing Co. are the world's largest makers of Kitchen Cabinets. Their output of hundreds of thousands of these cabinets enables them to give the greatest possible value. The low price of the Hoosier is fixed by the manufacturer.

\$25.00

### This Morocco Leather Sofa Bed, Special

This is a remarkable Davenport for the price. These are the first of the kind to be shown in this city. It is the best made, best looking, best wearing Bed Davenport that we have ever sold at the price. It is upholstered in the very best quality Morocco leather, diamond tufted. It has serpentine back and front. The front is prettily ruffled. The frame is made of oak. The arms are very massive and the front columns are richly carved. The feet are heavily clawed. This Davenport takes the place of a large double bed and saves the expense of furnishing a spare room.

\$22.50

## Aaron's Ideal Three-Room Outfit

The Store That Compelled the Marking of All Prices in Plain Figures.

## Reciprocity Act Favored by Canada and the United States

The full text of the McCall bill for Canadian reciprocity as passed by the house of representatives is as follows:

Be it enacted by the senate and house of representatives of the United States of America in congress assembled, That there shall be levied, collected and paid upon the articles hereinafter enumerated, the growth, product or manufacture of the Dominion of Canada, when imported therefrom into the United States or any of its possessions, except the Philippine Islands and the islands of Guam and Tutuila, in lieu of the duties now levied, collected and paid the following duties, to-wit:

From meats—beef, veal, mutton, lamb, pork and all other fresh or refrigerated meats excepting game—1½ cents per pound.

Bacon and hams not in tins or jars, 1½ cents per pound.

Meats of all kinds—dried, smoked, salted, in brine or prepared or preserved in any manner—not otherwise herein provided for, 1½ cents per pound.

Canned meats and canned poultry, 20 per centum ad valorem.

Extract of meat, fluid or not, 20 per centum ad valorem.

Lard and compounds thereof, cotton lene and cotton stearine and animal stearine, 1½ cents per pound.

Tallow, 40 cents per hundred pounds.

Egg yolks, egg albumen and blood albumen, 7½ per centum ad valorem.

Fish (except shellfish), by whatever name known, packed in oil, in tin boxes or cans, including the weight of the package (a) when weighing over twenty ounces and not over thirty-six ounces each, 5 cents per package; (b) when weighing twenty ounces each or less, 2 cents per package; (c) when weighing thirty-six ounces each or more or when packed in all, in bottles, jars or kegs, 30 per centum ad valorem.

Tomatoes and other vegetables, including corn in cans or other air tight packages and including the weight of the package, 1½ cents per pound.

Wheat flour and semolina and rye flour, 50 cents per barrel of 100 pounds.

Onion and rolled oats, including the weight of paper covering, 50 cents per hundred pounds.

Cornmeal, 12½ cents per hundred pounds.

Barley malt, 45 cents per hundred pounds.

Barley, pot, pearled or patent, one-half cent per pound.

Buckwheat flour or meal, one-half cent per pound.

Split peas, dried, 7½ cents per bushel of sixty pounds.

Prepared cereal foods, not otherwise provided for herein, 17½ per centum ad valorem.

Beans, middlings and other offals of grain used for animal food, 12½ cents per hundred pounds.

Macaroni and vermicelli, 1 cent per pound.

Biscuits, wafers and cakes, when sweetened with sugar, honey, molasses or other material, 25 per centum ad valorem.

Biscuits, wafers, cakes and other baked articles composed in whole or in part of eggs or any kind of flour or meal, when combined with chocolate, nuts, fruits or confectionery, also candied peel, candied popcorn, candied nuts, candied fruits, sugar candy and confectionery of all kinds, 32½ per centum ad valorem.

Maple sugar and maple sirup, 1 cent per pound.

Pickles, including pickled nuts, sauces of all kinds, and fish paste or sauce, 25½ per centum ad valorem.

Cherry juice and prune juice, or prune wine, and other fruit juices and fruit sirup, nonalcoholic, 17½ per centum ad valorem.

Mineral waters and imitations of natural mineral waters, in bottles or jugs, 17½ per centum ad valorem.

Essential oils, 7½ per centum ad valorem.

Grapes, gooseberry, raspberry and currant bushes, 17½ per centum ad valorem.

Farm wagons and finished parts thereof, 22½ per centum ad valorem.

Flows, tools and disk harrows, harrows, rakes, agricultural drills and planters, mowers, horse rakes, cultivators, thrashing machines, including wind stackers, baggers, weathers and self feeders thereof and finished parts thereof imported for repair of the foregoing, 15 per centum ad valorem.

Portable engines with boilers in combination, horsepower and traction engines, for farm purposes, hay loaders, potato diggers, fodder or feed cutters, grain crushers, fanning mills, hay tedders, farm or field rollers, manure spreaders, weeders and windmills and finished parts thereof imported for repair of the foregoing, except shafting, 20 per centum ad valorem.

Grindstones of sandstone, not mounted, finished or not, 5 cents per hundred pounds.

Freestone, granite, sandstone, limestone and all other monumental or building stone, except marble, breccia and onyx, unmanufactured or not dressed, hewn or polished, 12½ per centum ad valorem.

Roofing slates, 55 cents per hundred square feet.

Vitrified paving blocks, not ornamented or decorated in any manner, and paving blocks of stone, 17½ per centum ad valorem.

Oxide of iron as a color, 22½ per centum ad valorem.

Asbestos, further manufactured than ground; manufacture of asbestos or

articles of which asbestos is the component material of chief value, including woven fabrics, wholly or in chief value of asbestos, 22½ per centum ad valorem.

Printing ink, 17½ per centum ad valorem.

Cutlery, plated or not—pocketknives, penknives, scissors and shears, knives and forks for household purposes and table steel—27½ per centum ad valorem.

Bells and gongs, brass corners and rules for printers, 27½ per centum ad valorem.

Hatpins, urinals and other plumbing fixtures for bathrooms and lavatories, bathtubs, sinks and laundry tubs of earthenware, stone, cement or clay or of other material, 32½ per centum ad valorem.

Brass band instruments, 22½ per centum ad valorem.

Clocks, watches, time recorders, clock and watch keys, clock cases and clock movements, 27½ per centum ad valorem.

Printers' wooden cases and cabinets for holding type, 27½ per centum ad valorem.

Wood flour, 22½ per centum ad valorem.

Canned and small boats of wood, not power boats, 22½ per centum ad valorem.

Feathers, crude, not dressed, colored or otherwise manufactured, 12½ per centum ad valorem.

Antiseptic surgical dressings, such as absorbent cotton, cotton wool, lint, lamb's wool, tow, jute, gauzes and ointment, prepared for use as surgical dressings, plain or medicated; surgical trusses, pessaries and suspensory bandages of all kinds, 17½ per centum ad valorem.

Plate glass, not beveled, in sheets or panes exceeding seven square feet each and not exceeding twenty-five square feet each, 25 per centum ad valorem.

Motor vehicles, other than for railways and tramways, and automobiles and parts thereof, not including rubber tires, 30 per centum ad valorem.

Iron or steel digesters for the manufacture of wood pulp, 27½ per centum ad valorem.

Musical instrument cases, fancy cases or boxes, portfolios, satchels, reticules, cardcases, purses, pocketbooks, fly books for artificial flies, all the foregoing composed wholly or in chief value of leather, 30 per centum ad valorem.

Aluminum in crude form, 5 cents per pound.

Aluminum in plates, sheets, bars and rods, 8 cents per pound.

Laths, 10 cents per thousand pieces.

Shingles, 30 cents per thousand.

Sawn boards, planks, deals and other lumber, planed or finished on one side, 50 cents per thousand feet, board measure; planed or finished on one side and tongued and grooved, or planed or finished on two sides, 75 cents per thousand feet, board measure; planed or finished on three sides, or planed and finished on two sides and tongued and grooved, \$1.12½ per thousand feet, board measure; planed and finished on four sides, \$1.50 per thousand feet, board measure; and in cuttings, board measure, under this schedule no deduction shall be made on board measure on account of planing, tonguing and grooving.

Iron ore, including manganese ore and the dross or residuum from burnt pyrites, 10 cents per ton, provided that in loading and collecting the duty on iron ore shall be reduced to one-half of the weight of the ore on account of moisture which may be chemically or physically combined therewith.

Coal slack or culm of all kinds, such as will pass through a half inch screen, 15 cents per ton.

Provided that the duties above enumerated shall take effect whenever the president of the United States shall have satisfactory evidence and shall make proclamation that on the articles hereinafter enumerated the growth, product or manufacture of the United States or any of its possessions (except the Philippine Islands and the islands of Guam and Tutuila), when imported therefrom into the Dominion of Canada, duties not in excess of the following are imposed, to-wit:

From meats—beef, veal, mutton, lamb, pork and all other fresh or refrigerated meats excepting game—1½ cents per pound.

Bacon and hams, not in tins or jars, 1½ cents per pound.

Meats of all kinds, dried, smoked, salted, in brine or prepared or preserved in any manner—not otherwise herein provided for, 1½ cents per pound.

Canned meats and canned poultry, 20 per centum ad valorem.

Extract of meat, fluid or not, 20 per centum ad valorem.

Lard and compounds thereof, cotton lene and cotton stearine and animal stearine, 1½ cents per pound.

Tallow, 40 cents per hundred pounds.

Egg yolks, egg albumen and blood albumen, 7½ per centum ad valorem.

Fish (except shellfish), by whatever name known, packed in oil, in tin boxes or cans, including the weight of the package (a) when weighing over twenty ounces and not over thirty-six ounces each, 5 cents per package; (b) when weighing twenty ounces each or less, 2 cents per package; (c) when weighing thirty-six ounces each or more or when packed in oil, in bottles, jars or kegs, 30 per centum ad valorem.

Tomatoes and other vegetables, including corn in cans or other air tight

packages and including the weight of the package, 1½ cents per pound.

Wheat flour and semolina and rye flour, 50 cents per barrel of 100 pounds.

Onion and rolled oats, including the weight of paper covering, 50 cents per hundred pounds.

Cornmeal, 12½ cents per hundred pounds.

Barley malt, 45 cents per hundred pounds.

Barley, pot, pearled or patent, one-half cent per pound.

Buckwheat flour or meal, one-half cent per pound.

Split peas, dried, 7½ cents per bushel of sixty pounds.

Prepared cereal foods, not otherwise provided for herein, 17½ per centum ad valorem.

Beans, middlings and other offals of grain used for animal food, 12½ cents per hundred pounds.

Macaroni and vermicelli, 1 cent per pound.

Biscuits, wafers and cakes when sweetened with sugar, honey, molasses or other material, 25 per centum ad valorem.

Biscuits, wafers, cakes and other baked articles composed in whole or in part of eggs or any kind of flour or meal when combined with chocolate, nuts, fruits or confectionery, also candied peel, candied popcorn, candied nuts, candied fruits, sugar candy and confectionery of all kinds, 32½ per centum ad valorem.

Maple sugar and maple sirup, 1 cent per pound.

Pickles, including pickled nuts, sauces of all kinds and fish paste or sauce, 25½ per centum ad valorem.

Cherry juice and prune juice, or prune wine, and other fruit juices and fruit sirup, nonalcoholic, 17½ per centum ad valorem.

Mineral waters and imitations of natural mineral waters in bottles or jugs, 17½ per centum ad valorem.

Essential oils, 7½ per centum ad valorem.

Grapes, gooseberry, raspberry and currant bushes, 17½ per centum ad valorem.

Farm wagons and finished parts thereof, 22½ per centum ad valorem.

Flows, tools and disk harrows, harrows, rakes, agricultural drills and planters, mowers, horse rakes, cultivators, thrashing machines, including wind stackers, baggers, weathers and self feeders thereof and finished parts thereof imported for repair of the foregoing, 15 per centum ad valorem.

Portable engines with boilers in combination, horsepower and traction engines, for farm purposes, hay loaders, potato diggers, fodder or feed cutters, grain crushers, fanning mills, hay tedders, farm or field rollers, manure spreaders, weeders and windmills and finished parts thereof imported for repair of the foregoing, except shafting, 20 per centum ad valorem.

Grindstones of sandstone, not mounted, finished or not, 5 cents per hundred pounds.

Freestone, granite, sandstone, limestone and all other monumental or building stone, except marble, breccia and onyx, unmanufactured or not dressed, hewn or polished, 12½ per centum ad valorem.

Roofing slates, 55 cents per hundred square feet.

Vitrified paving blocks, not ornamented or decorated in any manner, and paving blocks of stone, 17½ per centum ad valorem.

Oxide of iron as a color, 22½ per centum ad valorem.

Asbestos, further manufactured than ground; manufacture of asbestos or

articles of which asbestos is the component material of chief value, including woven fabrics, wholly or in chief value of asbestos, 22½ per centum ad valorem.

Printing ink, 17½ per centum ad valorem.

Cutlery, plated or not—pocketknives, penknives, scissors and shears, knives and forks for household purposes and table steel—27½ per centum ad valorem.

Bells and gongs, brass corners and rules for printers, 27½ per centum ad valorem.

Hatpins, urinals and other plumbing fixtures for bathrooms and lavatories, bathtubs, sinks and laundry tubs of earthenware, stone, cement or clay or of other material, 32½ per centum ad valorem.

Brass band instruments, 22½ per centum ad valorem.

Clocks, watches, time recorders, clock and watch keys, clock cases and clock movements, 27½ per centum ad valorem.

Printers' wooden cases and cabinets for holding type, 27½ per centum ad valorem.

Wood flour, 22½ per centum ad valorem.

Canned and small boats of wood, not power boats, 22½ per centum ad valorem.

Feathers, crude, not dressed, colored or otherwise manufactured, 12½ per centum ad valorem.

Antiseptic surgical dressings, such as absorbent cotton, cotton wool, lint, lamb's wool, tow, jute, gauzes and ointment, prepared for use as surgical dressings, plain or medicated; surgical trusses, pessaries and suspensory bandages of all kinds, 17½ per centum ad valorem.

Plate glass, not beveled, in sheets or panes exceeding seven square feet each and not exceeding twenty-five square feet each, 25 per centum ad valorem.

Motor vehicles, other than for railways and tramways, and automobiles and parts thereof, not including rubber tires, 30 per centum ad valorem.

Iron or steel digesters for the manufacture of wood pulp, 27½ per centum ad valorem.

Musical instrument cases, fancy cases or boxes, portfolios, satchels, reticules, cardcases, purses, pocketbooks, fly books for artificial flies, all the foregoing composed wholly or in chief value of leather, 30 per centum ad valorem.

Cement, portland, and hydraulic or water lime in barrels, bags or casks, the weight of the package to be included in the weight for duty, 11

cents per hundred pounds.

Trees—apple, cherry, peach, pear, plum and quince, of all kinds, and small peach trees known as June buds—25 cents each.

Condensed milk, the weight of the package to be included in the weight for duty, 2 cents per pound.

Biscuits without added sweetening, 20 per centum ad valorem.

Fruits in air tight cans or other air tight packages, the weight of the cans or other packages to be included in the weight for duty, 2 cents per pound.

Peanuts, shelled, 1 cent per pound.

Peanuts, unshelled, one-half cent per pound.

Coal, bituminous, round and run of mine, including bituminous coal such as will pass through a three quarter inch screen, 15 cents per ton.

Timber, hewn, aided or squared otherwise provided for, when in packages weighing over one pound each (not including floor joists).

Fish of all kinds, fresh, frozen, packed in ice, salted or preserved in any form, except sardines and other fish oils, including oysters, lobsters and clams in any state, fresh or packed, and coverings of the foregoing.

Seal, herring, whale and other fish oil, including seal oil, provided that fish oil, whale oil, seal oil and fish of all kinds, being the product of fisheries carried on by the fishermen of the United States, shall be admitted into the United States, and similarly that fish oil, whale oil, seal oil and fish of all kinds, being the product of fisheries carried on by the fishermen of Canada, shall be admitted into the United States as the product of Canada.

Mineral waters, natural, not in bottles or jugs.

Timber, hewn, aided or squared otherwise provided for, when in packages weighing over one pound each (not including floor joists).

Fish of all kinds, fresh, frozen, packed in ice, salted or preserved in any form, except sardines and other fish oils, including oysters, lobsters and clams in any state, fresh or packed, and coverings of the foregoing.

Seal, herring, whale and other fish oil, including seal oil, provided that fish oil, whale oil, seal oil and fish of all kinds, being the product of fisheries carried on by the fishermen of the United States, shall be admitted into the United States, and similarly that fish oil, whale oil, seal oil and fish of all kinds, being the product of fisheries carried on by the fishermen of Canada, shall be admitted into the United States as the product of Canada.

Salt.

Mineral waters, natural, not in bottles or jugs.

## THE U. S. STEEL WILL PROBE LABOR

Conditions at Their Plants  
to Get at Charge of  
Overwork.

### THE DIRECTORS ORDER IT

New Directors Are Elected and Chairman Gary Talks of Business During Past Fifteen Months Which He Says Has Been Satisfactory.

NEW YORK, April 17.—An investigation into working conditions in the mills of the United States Steel Corporation was decided upon at the annual meeting of the stockholders in Hoboken, N. J., today.

This proposal came up after the election of directors, when Charles M. Cabot, of Boston, introduced a resolution providing for a committee of five to investigate and report to the finance committee not later than October 1 as to the truth of statements contained in a recent magazine article alleging that employees of the corporation were over-worked.

Among the charges made in the article were statements that a large majority of the steel workers in a Pittsburgh district worked 12 hours a day and that more than 11,000 of the 70,000 steel workers in Allegheny county in 1907-08 worked seven days in the week.

At the annual election the following directors were chosen for a term of three years:

George F. Baker, W. E. Corey, J. F. Dryden, C. A. Griscom, Samuel Mathers, D. G. Reid, Henry Walters and G. M. Lane, who succeeded the late Nathaniel Thayer. The directors will meet on April 25 to reorganize. The stockholders ratified all contracts made by the directors and finance committee since the meeting.

Chairman Gary in speaking of the request made by stockholders for a general statement in regard to business conditions and prospects as affecting the steel corporation, said:

"We believe we have at the present time a better organization throughout our companies than we ever had before. We think we are best equipped at the present time to manage our affairs economically and promptly, and yet we have no disposition to remain passive, inactive or contented.

"We are very well satisfied with the amount of business we have done and profits we have realized during the last 15 months. Our mills are not running to their full capacity and we should be glad if more business were offered, but nevertheless, the business which we have been getting has been large and under the circumstances should be considered satisfactory. When the Steel Corporation was organized the total capacity of finishing mills was somewhat like 2,000 or 24,000 tons per day. At the present time the productive capacity is nearly double that amount.

"Therefore, although mills are not running to more than about 70 to 75 per cent of their capacity at present, you will see that this is very much more than total capacity at the time the corporation was organized. The independent, so-called, have increased their capacity a little more than we have increased our capacity. We started out with about 60 per cent of the total business of the country and at present we have about 65 per cent, on the average. It is our intention to keep a proportion up to about that point. We do not intend to have more than 60 per cent."

Gibson Team Has Busy Schedule.  
The manager of the Gibson school team has arranged a busy schedule for this week. Yesterday his team played the South Side school on the wheat field grounds. Miner and Cole being the history selected for the first line. Tomorrow the Third Ward school is scheduled at the wheat field grounds. Daniels and Minor being selected for battery duty. Thursday Daniels and Morrison have been selected to oppose Mt. Pleasant while Gilpin and Cole will work against Scottdale Friday on the wheat field grounds.

The Gibson manager is proud of his team. He says he is, away. There are two perfect batsmen Clyde Minor and Lawrence Morrison. Minor has only struck out once this year.

Hecla Defeats Mt. Pleasant.  
Hecla, having hit off G. Parfitt Saturday and defeated Mt. Pleasant 5 to 1. Both pitchers were in good form and hits were scarce but Hecla got the best of the breakers. The score:

Mt. Pleasant ..... 0 0 0 1 0 0 0 0 1 0  
Batteries—Parfitt and Thibault vs. Parfitt and Quigley. Umpires—Jumbo and H. Parfitt.

### A HOPEFUL MESSAGE TO SCALP SUFFERERS AND MEN WHO'S HAIR IS FALLING OUT.

Dandruff now—bald later. The same is true of scalp diseases. In fact baldness is a scalp disease. The trouble with the greasy scalp and itching, the so-called dandruff, and scalp cures you have tried so far is that they don't do anything but temporarily relieve the itching and make the dandruff so it doesn't fall until it dries out again. Nothing can cure—really cure such troubles but a real scalp medicine that will kill the germs causing dandruff and scalp disease.

Learning from leading fellow druggists throughout America that they had found a whiter cure for dandruff, eczema and all diseases of the skin and scalp the Graham Drug Store on proving to the laboratory the scientific treatment that is the most prominent drug store in this city secured the agency for the remedy. This remedy is ZEMO, the clean, liquid preparation that kills the germ of disease and ZEMO SOAP to wash the scalp or skin clear and clean of the dandruff or scale and by its antiseptic qualities soothe and heal.

Sold and guaranteed by druggists everywhere and in Connellsville by Graham & Co.; Duquesne by D. C. Eason.

Notice.  
All persons dealing to settle obligations due Feldstein & Company may do so by calling at the store where they will receive prompt attention. All mail can be addressed Box No. 55, M. H. Feldstein & Company.

Cost Plus 5%  
Here's a new Regal model which illustrates the value to you of the new Regal policy of selling at Cost Plus 5%.

Like all Regal models, it is designed for a certain, definite purpose and demand, and, under the new Regal policy, the designer has disregarded "fixed" prices and turned out the best possible shoe value for that demand.

This shoe is intended for the man who wants a sturdy, substantial, walking shoe, good looking, but practical for long service, at about \$4.00.

Costs of manufacture and sale plus 5% commission fixes the prices of Regals at \$335 to \$585.

## MRS. B. MORRISON at Wright-Metzler's

Every Thursday, 1 to 6,  
Until Further Notice.

Mrs. Bertha Morrison will advise freely and cheerfully on any problem that needle workers encounter, and particularly on the working, color harmony and newer stitches required in any pattern.

The advantages of Mrs. Morrison's services can not be overestimated. Such information as she is enabled to give can only come from one who has made a thorough study of art needlework, and who has given particular and close observation to the newest methods and designs. Few stores outside the largest cities can offer such an opportunity to those interested in the art.

### At Our Pattern Counter After Next Wednesday

will be found a complete book of transfer patterns, containing the newest designs. This book will be at your service at all times and patterns may be selected whether Mrs. Morrison is present or not, transferred to your goods and returned to you within a few days.

### A Small Charge for All Stamping

as per schedule below. The charge which is considerably lower than is asked by city stores, is made to guarantee all work perfectly satisfactory and of the highest order. (Materials must be bought here.)

### These Charges Are for Stamping Only

Piano Covers ..... 50c	Pillow Cases, scallop and design ..... 25c
Gowns ..... 25c	Towels, 5c per end; ..... 5c per letter
Corset Covers ..... 25c	Parasols, stamped any style ..... 50c
40 inch Doilies ..... 50c	Dresses, design or combination ..... \$1.00
27 inch Doilies ..... 35c	Waists, simple or elaborate ..... 25c to \$1.00
18 to 24 in. Doilies 20c	Waists, stamped and beaded ..... \$5.00
6 to 12 in. Doilies .5c	Bed Spreads, scallop \$1; scallop—design \$2

Some of the above stamped pieces, the work of Mrs. Morrison, will be on display Wednesday and Thursday, this week. The few numbers are representative of designs not usually found in needlework sections of even the most advanced stores.

### Say 20 to 40c on Stylish Black Silks

85c Values - 65 Cents	6 1/2" number in taffeta only. Other two in both taffeta and moiré. All 15 inches wide and of a quality we hardly expect to find to sell at these prices. Worth every cent of the actual value from a quality point of view and worth even more this early in a season when black is extremely popular.
\$1.00 Values - 75 Cents	
\$1.50 Values - \$1.10	

### Now That Easter Has Come and Gone

Don't forget that everyday things are here to merit your approval. Quality, quantity, price, the advantage offered you.

### Everything That Men, Women and Children Wear

Bring your knittin' and discuss art needlework with your neighbors next Thursday afternoon.

### Fifty Years Ago Today. April 18.

The United States arsenal at Harpers Ferry, Va., was burned by its garrison in expectation of attack. Virginians seized the post.

Major Anderson and his Sumter band received honors in New York. Colonel Robert E. Lee was offered the command of the United States army. Garibaldi took his seat in the Italian parliament and created a tumult by attacking the ministry of Count Cavot.

Twenty-five Years Ago Today.  
The Baltimore and Ohio strike in Chicago was settled. Switchmen struck on the Lake Shore.
